In view lateness hour and local practice, I accepted recommendation Foreign Office and handed text to Dr. Archer, Acting Foreign Minister, in presence Frago, Director General Political Affairs Foreign Office, about 10:45 PM (delay due difficulties telegraphic transmission) instead delivering directly Dr. Salazar. Under circumstances not feasible read orally. Message conveyed under cover letter to Dr. Salazar, which made clear text might contain errors arising from transmission, was subject revision and final text would be delivered subsequently.

I was assured letter would be sent immediately to Prime Minister.
